PROSPECTUS

Future vision of western style SSIS Hostel

ABOUT SCHOOL

"Seven Star International School is a unique School founded by the great visionary and eminent educationist couple Mr. Kamwar Suram Singh and Late Mrs. Krishna Kamwar on 7th April 2004 Who Served in the educational sector for 47 years.

They opened this school on 07 April 2004 to fulfill the motto of our school as rightly stated in our logo is "Discipline, Dedication & Excellence" and laid the foundation of this school in the peaceful location away from the din of vehicles. The view of the Dholadhar Range from the school, the abundance of trees the chatter of a myriad variety of birds enhance the joy of learning.

Kamwar Suram Singh
Founder of School

Krishna Kamwar
Founder of School

Himachal Pradesh Governor Shri Shiv Pratap Shukla interacted with the students and teachers of Seven Star International School Bani. On the occasion of the 'NEP 2020 Workshop'. The Governor exhorted the students to connect with the upcoming new technologies and also asked them to stay connected to the roots of Indian culture. He said that today's youth will have to make this vision a reality as the future leaders of India.

The School is located in neat and clean atmosphere on the left hand side on Hamirpur-Una Express Highway No. 32 , 2km far from the Tehsil Headquarter Barsar in Hamirpur (HP), where students are quite safe and it is an ideal place for education and child development.

We started our journey with a CBSE school to facilitate the students. After continuously delivering successful results, we have expanded our organization into a Group of Institutions. Including CBSE school at Bani, Bhota and Udaan academy at Mehre.

In all these institutions we are giving our best services and approx. 2000 students take benefits of education in our institutions. In our Institutions around 172 staff members are giving their services. And we are providing single route transportation facilities through 32 buses in 60 km territory. We are also having NCC, NSS and Scout and Guide wings in our school.

We have made many achievements in our journey – recently our school has received Four National Award.

In Academic more than 100 students selected in NEET/JEE.

In Sport our students have won the Gold Medal in Boxing, Wrestling and Athletics also selected for National Level.

We also believe in all round development of our students, we never fail to organize sports and cultural activities along with the academics .

To increase the sports environment, Mr Anurag Thakur started 'Khel Mahakumbh' and in 2021 it was started from our school.

Sandeep Kanwar
(Managing Director)

Our children are the future generation, the backbone of our nation and its imperative that schools take up the albatross of moulding the next generation into caring and responsible members of the society. Thus, apart from academic excellence & skills, schools should ideally take up the responsibility of inculcating the basic virtues. The child must acquire the right habits, self-control, polite mannerisms and a passionate concern for the environment and the society.

Our experience tells us that there is a whole lot of difference between school and life. In school, one is taught a lesson and then tested. In the course of life, we are given a test which ends up teaching us a lesson. Hence, we have decided to model our students into the best of learners as well as successful players of life.

Leaders are not born but made and we endeavour to awaken the genius in every child. Once the child's inner worth is discovered and recognised, she/he will strive to emulate the best in the field and bring laurels to the country.

We are not just INTERESTED in doing so. Rather we are COMMITTED. There is a difference between interest and commitment. When you are interested in doing something, you do it only when circumstances permit. But when you are committed to do something, you accept no excuses, only results.

Sonal Kanwar (Principal)

As the Principal of the school, I feel honoured and privileged to be part of an educational institution where every stakeholder is a learner and every day is an opportunity to learn and discover. We look at ourselves as a community of learners, where everyone learns including our teachers, parents and staff.

I believe in upholding high standards with an absolute commitment to strive to understand and improve the educational process, using team strategies, while wholly centering on understanding and achievement.

Our staff fruitfully employ two diverse strategies that are of Love and Logic to foster a positive learning environment for all our students. Love and Logic may seem like two contrasting forces.

While love helps nurture trusting relationships, where students feel respected, appreciated and loved by the teachers, logic helps develop in students personal responsibility, self control, good decision making skills, self confidence and character building with high moral values. Your child's learning involves and resolves around an effective partnership between home & school.

We know the stronger partnership is the best more your child will benefit. Whilst we know that the information here will give you answers to some of your questions, we also know that learning is social, and in this context we encourage you to come and speak to us in person for a more detailed perspective.

I look forward to working with you as we help create a school where parents are welcome at anytime, students are engaged in meaningful learning and the staff members are valued and appreciated for their efforts.

Bandna Thakur (CEO)

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectation."

Today the role of a school is not only to pursue academic excellency but also to motivate and empower its students to be lifelong learners, critical, thinkers and productive member of an ever changing global society. At Seven Star International School we provide atmosphere to our students, where children are encouraged to channelize their potential in the pursuit of excellence.

The school is striving hard to make the best possible efforts to inculcate strong values combining with academics and extracurricular activities in the children.

"I cannot teach anybody anything, I can only make them think" Socrates. Open mindedness, a multi-cultural orientation, independence, a global outlook, multiple intelligence and ability are the premium qualities needed today. The school desires to set an approach to learn that incorporates inquiry, research analytical thinking and an ethical approach that become a lifetime habit.

"It is not the will to win, but the will to prepare to win that makes the difference." The parents are the most strengthening power in molding the future of a child. Their consistent support empowers us to do more and more. More over a committed and supportive management, dedicated teachers, caring parents blend harmonies to create a child centric school.

Teamwork is the hallmark of SSIS. I am very sure through collaborative efforts we can achieve more to benefit our students who are the future leaders of tomorrow.

with sincere and warm regards .

Santosh Patiyal (Vice Principal)

It gives me great pleasure to write a few words of felicitations for the annual magazine of Seven Star International school. A school plays a unique role in a child's life. It is a nursery for a child's all round growth.

Not only do the children learn from the books and teachers in the classroom, they do so at all times of the day, --- on the games field, in hobby classes, during mid-term treks and so on. They interact among themselves in the class room and with the teachers in different contexts and situations outside the classroom too. The teacher meets the children in different roles and leaves a lasting impression in the child's life which leads to a strong bonding and lasting relationship. The children receive great education by being exposed to the numerous sports fixtures and culture activities held at Seven Star school, some of which are run at the national level. They witness and listen to a large number of Inter House and Inter school competitions and all this contributes to enriching their ideas and shaping their personalities. One more thing I want to add in this article for the teachers that the better you know your students the more they'll learn and the more you'll get out of them. There are seven steps to good teaching that teachers must know

1. Show respect 2. Remain calm 3. Be observant 4. Give feedback and praise 5. Keep score
6. Physical Activities for students. 7. Identify your students' aspirations and idiosyncrasies.

It's said that school days are the best days of one's life. The school stage is the most sensitive and formative stage in a man's life. I would advise the children to make the use of most of the multifaceted education offered by the school. This opportunity won't come again in their lives and this is the time to gain as much as they can. Once again, I extend my best wishes to the editors of the magazine for a very readable and successful issue.

VISION

Seven Star International School aims to be an institution of excellence where sound ethical values, character, wisdom, Leadership, service and academic achievement are encouraged in a safe and nurturing environment.

MISSION

Our Mission at Seven Star International School Bani – Hamirpur (HP) India is to provide individualized education through the integration of technology and well designed Teaching/ Learning process that addresses students unique learning styles, cultivate independent thought, emphasizes the spiritual, moral, social, emotional, promotes the building of character and enabling them to contribute their best to the society and nation in meaningful and positive ways.

ADMISSION

Admissions are open for classes from Pre-Nursery to Class XII. The school aspires to produce outstanding students in academics, social and ethical values, skills, and attitudes who can contribute positively to society. Thus, the admission process is designed to test both aptitude and attitude. At the same time, the test assesses proficiency in various subjects and reveals the child's problem-solving skills. Portions integrated into the admission process also examine the applicant's beliefs and value system based on their decisions and how they handle and negotiate the external world. This method of testing the students will allow us to look at them holistically.

The eligibility criterion for various classes is based on the child's age. For the next academic year, the applicant's age as of 31st March 2025, as recorded in the birth certificate, will determine the eligibility for admission to a particular class.

REGISTRATION

The Online Registration link for Admission to the Academic Session 2025-26 will be available on the school website, <https://www.ssisbani.com>, from February 1st, 2025.

The registration for admission can be done by filling up the registration form available on School Website or School Counter Paying the registration fee of Rs.1100/- (Eleven Hundred Only) for all Classes.

The Registration fee can be paid by cash at the school fee counter or by a demand draft in favour of Principal Seven Star International School, Bani and Payable at Barsar (Mehre). An incomplete application may be rejected. The registered candidates will be called for an admission test/interview.

DOCUMENTS REQUIRED

The following documents are required to be furnished at the time of admission.

- Date of Birth Certificate or any proof of date of birth.
- Result Card/Mark List of last examination.
- A copy of Aadhar Card.
- Physical Fitness Certificate.
- Transfer/School Leaving Certificate.
- Migration certificate (if any).
- Two Passport size Photographs of Father and Mother.
- Two Passport size Photographs of the Student.

SCHOOL UNIFORM

A school uniform is a standard dress code for students at an educational institution.

Award & Accolades

School with Most Awarded Impactful Learning Methods

Best School with most Competent Teachers

Best School For Holistic Development

Awarded Most Socially Active School

Award & Accolades

Seven Star International school Bani has made significant contributions to the educational landscape of Himachal Pradesh. School's dedication to holistic development and skill-oriented education has earned it numerous accolades. School aims to expand educational opportunities and establish hostels for children from different states, ensuring access to quality education for all.

Under his leadership, the school was recognized as the "Most Socially Active School," reflecting its emphasis on community engagement and social responsibility.

8 Teachers of the school Awarded by The Ministry of HRD

SSIS received the Rashtriya Education Award from the National School Association (NSA) for its holistic approach to education. This prestigious honor was presented SSIS by NSA, recognizing its commitment to nurturing well-rounded students.

Award & Accolades

School Management has been appreciated by key leaders such as Sh. Sukhvinder Singh Sukhu, the Chief Minister of Himachal Pradesh, Sh. Ram Nath Kovind the President of India and Sh. Anurag Singh Thakur the Former Minister of Information and Broadcasting of India. This recognition highlights its impact in the region's educational development.

Appreciation From Prominent Leaders:

Himachal Pradesh Governor Shri Shiv Pratap Shukla interacted with the students and teachers of Seven Star International School Bani. On the occasion of the 'NEP 2020 Workshop'. The Governor exhorted the students to connect with the upcoming new technologies and also asked them to stay connected to the roots of Indian culture. He said that today's youth will have to make this vision a reality as the future leaders of India.

When there was a time of calamity in the state, Students and staff of our school donated RS 1 lakh 21 thousand to the CM Relief fund. The contributed by each student of the school. This act of donation highly appreciated by Honorable Chief Minister of Himachal Pradesh.

INTERNATIONAL ACTIVITIES

GLOBAL
EDUCATION

Recently our MD sir visited Finland Country as we all know that Finland is known for its best education system in the world this year our MD sir collaborated with their educational institutions .we are feeling very proud to announce you all that from coming session we are going to introduce the Global Education system in our school

SSIS believes in a system of learning that includes teaching and sharing knowledge across the world. (SSIS) emphasizes the importance of diversity and inter connectedness among people and cultures.

This year we are collaborating with the best educational system of the world (like Finland) & Introducing Global Education System.

**SUPER
30**

The main idea behind the Super 30 concept is to provide comprehensive and specialized coaching and training to these students to prepare them for highly competitive entrance examinations like Joint Entrance Examination (JEE) or National Eligibility cum Entrance Test (NEET), CA(Chartered Accountant), for engineering, medical and Commerce students.

Key features of Super 30 Programme:

- Smart Infrastructure.
- Teaching Methodology.
- Best Learning Method.
- Best Faculty
- Practice Set.

Smart Infrastructure:

The modern learning technique has changed the revolutionary system. It is time effective, broad, and has the biggest learning concept. Nowadays, it is important to create the best infrastructure that has the smart classes installed. This is a value added process that is highly required from the students. The smart classes have the best innovation process that is properly organized things in detail. Our S-30 is featuring the smart classes method for the students benefits.

Teaching Methodology:

The top educators are those who help the aspirants to achieve success. It is the teacher that shows them different techniques, tricks, and tips for competitive exams. It is their unlimited hard work, passion, and dedication that lead them towards success. Seven Star International School is the Best School in the area that provides Competitive Coaching classes with more effective features.

**SUPER
30**

Best Learning Methods:

The learning methods of the top coaching always give extreme priority to children and parents' choice. The child always prefers the coaching learning methods that are helpful in understanding the subjects and topics to achieve success. And our S-30 Batch brings the complete preparation for the aspirants.

Best Faculty

Our faculty members are experienced researchers who believe that teaching and research go hand-in-hand. Representing a wide array of backgrounds, the faculty offers you diverse perspectives that will enhance your understanding of the challenges you may face when you appear in your competitive exams, including ongoing collaborative exploration of the latest technologies.

Practice Set:

Regular practice of online test series will improve the child's preparation, accuracy and many other things. Therefore, students need to practice regularly for competitive exams. The S-30 program of Seven Star International School provides accurate facility with complete arrangement of online examination with more than 150 computers.

HOSTEL LIKE HOME

HOSTEL FACILITIES

SSIS BANI Hostel Like Home offers a dynamic seven-day program that combines focused academics schedules with enriching recreational activities. With a modern infrastructure, separate hostels for boys and girls, and a dedicated team of experienced staff, students enjoy a secure and nurturing environment. The daily routine includes soothing morning activities, Supervised study hours, nutritious meals, and emphasis on personality development. SSIS BANI stands out for its commitment to values and holistic development, making it an exceptional boarding experience.

Hostel Like Home Environment

Our Hostel Like Home environment nurtures intellectual growth and self-confidence. We have modern infrastructure with separate hostels for boys and girls. Experienced Hostel Parents, Chief Warden, and Assistant Wardens provide personal attention. Comfortable accommodations with laundry and housekeeping facilities ensure a homely atmosphere.

Morning Activities

Each day begins with soothing devotional music, followed Aerobics, and Yoga exercises. Students follow a school routine, engage in games, and have supervised study hours. Morning walks and nature walks are also part of the routine.

Food

We provide balanced and nutritious meals, including cereals, eggs, cheese, fruits, vegetables, and occasional non-vegetarian as per the boarders' choice. Junior students receive fresh milk before evening sports time and bed time.

HOSTEL LIKE HOME

HOSTEL FACILITIES

Medical Facility

SSISBANI dispensary offers 24/7 medical care, including daily visit by qualified doctor and round the clock availability of residential nurses. Sick children receive special dietary care.

Audio Visual Facilities

Our common room is equipped for movie and TV show screenings. Students occasionally visit the PVR for movies to break the routine.

Communication with Parent

We provide 24-hour telephone and video calling facilities, ensuring students can connect with their parents on designated days.

Study Hours

Evening preparatory classes led by experienced faculty members, self-study time, and supervised night study hours ensure academic success.

Outings

Monthly outings and food fests, along with visits to historical sites and temples, offer recreational opportunities. Birthday celebrations are a special part of our student life.

Personality Development Programs

We offer Spoken English classes and workshops, skills Public Speaking preparing students for conferences and inter-school competitions.

Cultural and Sports Activities

A yearly calendar focuses on academics and physical fitness. Students engage in various sports and games, including athletics, volleyball, basketball, soccer, and more.

Safe and Secure Environment

Our campus and hostels are under 24/7 CCTV surveillance, with controlled access points. Regular safety training ensures a secure environment.

SCHOOL FACILITIES

Our school offers spacious classrooms, computer labs, science labs, a library, sports grounds, transportation, an auditorium, smart boards, a music room, and medical facilities to support student development.

PHYSICS LAB

A physics lab in a school is a place where students can learn physics concepts through hands-on experiments. Physics labs help students connect theoretical concepts to real-world applications, and develop skills like observation, data analysis, and critical reasoning. Ignite the students curiosity with hands on experiments in our physics lab Where theoretical concepts come to life.

Our state-of-the-art Physics laboratory is equipped with modern equipments to help the students learn the concepts of Physics with experiments. It is designed to give practice of taking measurements, analyzing data and drawing inferences while the students experiment.

The lab is quite spacious and very well ventilated to ensure proper availability of light in it. Each of the laboratories can accommodate 32 students conducting experiments in groups of two depending on the experiment at hand.

Our students get a virtual experience of experiments on the smart board. the students spend most of their time at their lab tables performing their own experiments. There's a computer in the lab for the students to reach for data collection and analysis. There is ample space in the middle of the room for large scale experiments. The lab is very well equipped with instruments, like- meter bridges, battery eliminators, potentiometers, Hooke's apparatus, etc. One can also observe the resonance condition that so often proves attractive and interactive. The pin-boards on each wall are decorated with very suitable charts, maps, illustrations and quotes and at the same time various models, made by the students, are exhibited all around the lab. One just cannot resist loving both the lab and the subject as the aura of Physics seems to besiege the invader. We allow students to perform individual experiments and show them all the models, devices and let them discover the magic of science at our innovative physics lab. All those complex and boring theoretical physics becomes fun and lovable to students when experiments are performed by them, making physics come alive only in our physics lab. We empower minds through the power of experimental physics so join our physics lab.

CHEMISTRY LAB

SCHOOL FACILITIES

A chemistry lab in a school is a place where students conduct experiments to learn about chemical reactions, how chemicals interact, and the energy involved. Chemistry labs help students develop an interest in chemistry and understand its importance in the world around them.

Our chemistry lab is well equipped with chemicals and other apparatus to cater to the needs of all the students up to class 12. Students start using the chemistry lab from class 6 onwards. They show

great enthusiasm in using chemicals and perform hands on experiments. An additional advantage of our lab is an Educomp smart board with real and animated versions of different experiments. It is also supported by a virtual lab which is used to

conduct experiments on the board and observe the reactions. The virtual lab also provides animations of chemical reactions at the molecular level. The lab has an excellent safety system with fire extinguishers and a shower cum eye washer equipment.

BIOLOGY LAB

A biology lab in a school is a place where students and teachers can perform experiments and activities related to life sciences. Biology labs are equipped with a variety of materials and equipment to help students learn about the structure and function of living organisms.

Seven Star International school, since the commencement, has always paid premium to innovation and technology. Our school boasts of a highly equipped and well-stocked biology laboratory. The idea is to enable hands on learning by the students, "Learning by doing" being the motto of our bio lab.

The laboratory provides the students with all sorts of facilities, ranging from specimens to innovative smart boards. The laboratory is quite spacious and is creatively decorated by the students. We have permanent anatomical slides of plants. The lab consists of simple and compound microscopes for the students to focus and study slides. The ratio of these microscopes per student is fairly high. We have measuring devices, like analytical balance. Also the laboratory has a variety of apparatus for physiological

and ecological experiments, like water bath, oven and Digital PH Meter. We have fire extinguishers in case of an emergency. The laboratory is well supplied with chemicals, and equipped abundantly with thermometers and other apparatus for students to carry out their experiments. Through experiments, students are able to gain firsthand knowledge and appreciate various concepts of biology.

MATHEMATICS LAB

SCHOOL FACILITIES

Infrastructure and Equipment

1. Mathematical instruments: Such as protractors, compasses, and geometry boxes.
2. Graphing calculators: For advanced math calculations.
3. Measurement tools: Like rulers, measuring tapes, and scales.
4. Geometry models: To visualize and explore geometric shapes.

Learning Materials and Activities

1. Math worksheets and activity sheets: For practice and reinforcement.
2. Math projects and presentations: To encourage collaboration and communication.
3. Math puzzles and brain teasers: To develop problem-solving skills.
4. Math competitions and quizzes: To foster a competitive spirit.

Teacher Support

1. Qualified math teachers: To guide and support students.
2. Teacher training: To stay updated on new math technologies and pedagogies.
3. Mentorship programs: To encourage peer-to-peer learning.

ENGLISH LANGUAGE LAB

Seven Star Language Lab is a digital language lab software that helps Students improve their English language skills:

- **Pronunciation:** The lab offers real-time feedback to help learners correct their pronunciation. Learners can also record their own speech and compare it to native speakers.
- **Exercises:** The lab includes a variety of interactive exercises and activities, such as listening comprehension, vocabulary building, and grammar exercises.
- **Customization:** Learners can customize their learning experience.
- **Career skills:** The lab offers career skill courses to help students become job ready.
- **Competitive exams:** The lab provides study material for competitive exams such as SSC, Medical, Engineering, Management, Banking, Teaching, and Civil services.
- **Soft skills:** The lab covers soft skills such as personality development, resume writing, group discussion, and interview skills.

COMPOSITE SCIENCE LAB

SCHOOL FACILITIES

A composite lab, also known as a composite science lab or composite skill lab, is a school laboratory that combines different scientific disciplines into one space.

Facility Features:

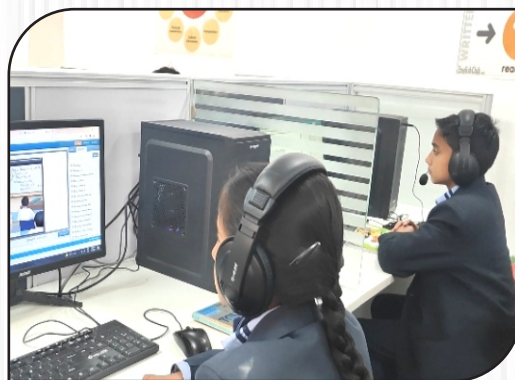

1. Well-ventilated workspace
2. Adequate lighting
3. Secure storage for equipment and materials
4. Washbasins and cleaning facilities
5. Fully Equipped with equipment and materials
6. Multi-disciplinary setup
7. Technological integration

IT LAB

In the modern era computer has become an integral part of human life. Techniques of using the computer are of utmost importance. A well-equipped computer lab is the nerve centre of computer education in the school to keep pace with the fast changing IT scenario. There are two Computer Laboratories in the school with advanced infrastructure in terms of hardware and software to cater to the requirements of the students,

teachers and the curriculum. They are exclusive and equipped with computers and accessories in tune with the latest technologies where computer education is provided to all the students. They receive computer training from the well qualified teachers. A large number of systems provide practical training of the programming to the students which enable them to clear their concepts easily and become confident in their real life applications.

This lab is well equipped with the latest computer systems for the students to discuss each and every aspect of basic computer system. It is used extensively by the students for learning of Foundation of Information Technology, MS-WORD, MS-EXCEL, MS-POWER POINT and MS-ACCESS. It is also used for learning programming in Python, C++, SQL and Oracle database programming in classes IX to XII.

Other Features

1. **Comfortable seating**: Ergonomic chairs and desks.
2. **Proper lighting**: Adequate lighting for reduced eye strain.
3. **Whiteboard or presentation space**: Brainstorming and collaboration.
4. **Audio-visual equipment**: Speakers, projectors, or display screens.

SST (SOCIAL SCIENCE) LAB

SCHOOL FACILITIES

Develops Critical Thinking and Analytical Skills

1. Hands-on experience with maps, globes, and geographical tools.
2. Analysis of historical events and cultural practices.
3. Development of research skills through projects and presentations.

Enhances Interdisciplinary Learning

1. Integration with other subjects like History, Geography, Economics, and Politics.
2. Understanding of complex relationships between social, economic, and political factors.
3. Application of scientific methods to social science inquiry.

Fosters Global Awareness and Citizenship

1. Exposure to diverse cultures, traditions, and perspectives.
2. Understanding of global issues, challenges, and opportunities.
3. Development of empathy, tolerance, and social responsibility.

Improves Research and Presentation Skills

1. Conducting surveys, interviews, and field studies.
2. Analyzing data, graphs, and statistical information.
3. Effective communication through presentations, debates, and discussions.

Prepares Students for Real-World Challenges

1. Understanding of social, economic, and environmental issues.
2. Development of problem-solving and decision-making skills.
3. Preparation for careers in social sciences, governance, and international relations.

LIBRARY

"That perfect tranquility of life, which is nowhere to be found but in a retreat, a faithful friend and a good library".

Seven Star International School has a full-fledged well-endowed library with spacious reference and reading area to aid students in their pursuit of knowledge. It has a collection of wonderful and exciting books suited to the needs and tastes of growing children. The total number of books for the library is a whopping 3000 with the number increasing with each passing year. The library has sections ranging from textbooks, reference books, fiction, general knowledge, books on mythology, music, art and craft, sports, cookery, computers, biographies, Encyclopedias etc. The books are carefully graded so as to suit the needs of every age group. The library consists of 21 magazines and also subscribes to a number of dailies and journals.

Availability of the internet connection in the library enables the students and teachers to reach out the entire globe in their endeavour of seeking knowledge. The library also has a vast collection of CDs on topics like Dictionaries, Stories, Rhymes, French, Japanese, and Sanskrit etc. The library supports multilingual approach to personality development. Every child learns more than two or three languages simultaneously so there are French, Japanese, Hindi, English and Sanskrit books in abundance.

DIGITAL LIBRARY

SCHOOL FACILITIES

A digital library in our school offers numerous benefits, including:

1. Access to a vast collection of e-books, articles, and resources
2. Convenient access to information from anywhere, at any time
3. Improved research skills and academic performance
4. Enhanced collaboration and sharing of resources among students and teachers
5. Personalized learning experiences through tailored recommendations
6. Space-saving and cost-effective alternative to physical libraries
7. Regular updates and additions to the collection
8. Access to multimedia resources, such as videos and podcasts
9. Improved engagement and interactivity through digital content
10. Preparation for a digital future and the development of essential digital literacy skills.

TRANSPORTATION

The school facilitates the students with a big transport to all direction in 50 km circle. The bus services of school is regular and punctual. All possible care, safety and security is ensured. The transport facilities in the school are optional & can be availed on extra payment. School has a fleet of 21 buses.

VR TECHNOLOGY

Virtual Reality (VR) Technology can be used in schools to create immersive learning experiences that help students understand complex ideas: Experiential learning, Real-time feedback, Inclusive learning, Memory retention and Creative thinking *Seven Star International School is the first school of Himachal provides Education through VR Technology.*

GLAMOUR WORLD AT SEVEN STAR

Now Seven Star students will get the opportunity to act in Bollywood movies. Seven Star collaborated with production and Releasing first movie in Bollywood its a Proud movement for Seven Star family.

A Dream Come True for Aspiring Actors.

This opportunity is a dream come true for the seven star students, who will gain invaluable experience working with industry professionals. The platform will not only showcase their talents but also open doors to new opportunities in the entertainment industry.

SWIMMING POOL

A swimming pool is one of the best ways to energise the children in the warm weather. It sets the mood for all the other outdoor activities to be conducted in the season. Another huge benefits of owning a swimming pool has to do with your health. It almost goes without saying that swimming is great exercise. You can swim laps in the pool to increase your heart rate, burn calories and get ALL of your muscles working together.

NCC

SCHOOL FACILITIES

National Cadet Corps (NCC) is one of the premier youth organisations which contribute in propagating national unity and integrity amongst youth. It instills the value of character, discipline and hardwork and in shaping the young minds into dynamic and responsible citizens of the country.

NSS

The National Service Scheme (NSS) gives an opportunity to students to render service to the community, while they are staying in an educational institution. This scheme was introduced by the government for the school students to acquire leadership qualities and democratic attitudes, sharing of responsibilities, skills in mobilizing community participation, capacity to meet emergencies and natural disasters through national integration and social harmony.

SCOUT & GUIDE

The Bharat Scouts & Guides develops self-knowledge and the need to explore and discover world beyond classroom, tapping the skills of others to learn and to become well-rounded people. Scouting helps scouts learn how to carry out their commitment in everyday life with spiritual, social and personal dimensions.

ART & CRAFT

Art & Craft Room The school has separate art and craft room for the Pre-Primary, Primary and Secondary Sections to impart aesthetic sense and creativity in the young minds. This room is a place where they are taught to give reign to their imagination to create their own masterpieces using colours and waste materials.

CCTV CAMERAS

SCHOOL FACILITIES

CCTV: The whole school campus, along with the school corridor, is under CCTV surveillance. More than 850 CCTV cameras are installed on the school campus and in vehicles. The school has dedicated staff members to keep track of the CCTV activities.

Wi-Fi

Wi - Fi Campus: The whole school campus is WIFI enabled. The internal servers help the school administrative block work, and the computers are placed in staff rooms on each floor.

ELEVATOR

We take pride in being a Children-With-Special-Needs, (CWSN) - friendly and sensitive campus. The school is accessible by a state-of-the-art lift, connecting all the floors of the school building and providing an ease of access to all the classrooms.

CANTEEN

Canteen: SSIS Bani has a canteen for the students and staff members on its premises. The food items are prepared hygienically and sold to students at subsidised prices. The school operates a healthy eating policy, and no fizzy drinks are permitted.

E-LEARNING

The School provided the students computer aided teaching and learning through Smart Class using Smart Assessment System (SAS) in all the classes. Smart classes digital content are added to school syllabus and interactive boards as visual learning aids.

MULTICOURT PLAYGROUND

SCHOOL FACILITIES

Multicourt Playground Education is complete only when it ensures all-round development of an individual. Students are given adequate scope to groom their innate talents in any form of art that they desire. Sports facilities are in place, and games form an integral part of the weekly schedule. A vast multicourt playground with provisions for playing outdoor games like cricket, football, badminton, volleyball, and basketball are in place. The students are given regular and rigorous training in a systematic way by qualified and professional coaches in the game of students' choice.

MUSIC & DANCE

The music and dance programme at SSIS is developed to bring out the creativity in our students and make them independent learners. Dance and music lessons are conducted in a specially designed performance room with wooden flooring, mirrors and excellent equipment. Students acquire and consolidate a range of basic musical skills, knowledge and understanding, through the activities of listening, performing and composing. By studying music and dance, students become aware of how artists communicate by engaging, becoming informed, and reflective and critical practitioners.

AUDITORIUM

The School is supported by a well furnished School Auditorium which is equipped with the most modern and audio visual facilities and a massive seating capacity of approximately 800 people. The sound proof auditorium hosts numerous events including Annual day, Award functions, Inter School Competitions and Zonal level competitions. It is fitted with a projector, effective & modern light and effective sound system. All the major functions like various competitions and Workshops are held in this auditorium which gives exposure to the students in showcasing their talents and groom their inborn virtues.

*Together we will achieve
new heights!*

Teachers and Parents must work in tandem to promote a child's growth and development. They must create an environment that nurtures a child's intellectual, emotional, and physical well-being. Though a teacher can weave magic in a child's life, parents are equally responsible for magnifying their growth and development. Working as a team and understanding the importance of teamwork works wonders for a child's future.

FIRST-AID AND MEDICAL ROOM

A First-Aid and Medical Room in SSIS BANI provides essential healthcare support, offering quick treatment for injuries or illnesses during school hours. Qualified and trained nursing staff, along with two senior visiting doctors, are available round the clock to provide prompt and efficient medical care, ensuring that students remain healthy and well-cared for.

RULES & REGULATIONS

RULES & REGULATIONS

General Rules for Students

The school prides itself for its high standards of discipline and code of conduct. All students are expected to conform to its code for personal hygiene, turnout, punctuality, conduct, discipline, obedience, sense of responsibility, attitude towards academics etc.

In enforcing these norms and discipline, the school looks forward to full co-operation and support from the parents/guardians to ensure a healthy and all round growth of their wards, taking full advantage of opportunities and facilities here; and to enable the school, its system and programmes to run efficiently. If a student contravenes the normal code of expectations, rules or regulations in this respect, he/she can incur warning and punishment. This is an English medium school therefore students are expected to speak and work in English only.

- The students should be regular and punctual. They should reach school at least 5 minutes before the assembly bell.
- Student's diary and books according to the time table must be brought to school every day.
- Children should come in proper school uniform and must wear their identity card.
- Students are not supposed to sing movie songs in the school or class activity.
- Mobile phones and other electronic gadgets are not allowed in the school.
- Students can come on motorbikes and scooters only if they have a license. They must use helmets which is mandatory.
- Students must bring proper, healthy and nutritious food.
- Wearing of Jewellery, valuable articles and cosmetics is not permitted.
- Students must pay attention to personal hygiene.
- Use of abusive language, quarrelsome behaviour, shouting and whistling is not allowed.
- The language of interaction with each other is only English (Hindi for Hindi classes only)
- All Second Saturdays will remain off for students of classes I to XII.
- All the students shall attend the school on the opening day, after the vacation. An absence without prior leave application immediately renders the students liable to dismissal.
- The students shall be neatly and tidily dressed in the prescribed uniform.
- Students shall sit quietly in the class till the teacher arrives. They will observe perfect silence when the class is in progress. They shall not make noise in the corridors or loiter around.
- Students are expected to be courteous, polite, well mannered, honest, truthful, respectful and obedient toward the teachers, all elders and visitors.

RULES & REGULATIONS

RULES & REGULATIONS

- If any student finds any article belonging to someone else, he/she shall deposit it in the office instantly.
- Students shall carry out all the instructions and orders given by the teachers and school incharge.
- Students shall participate in all school activities in order to avail of all opportunities of personality development offered by the school.

- Students shall be expected to be friendly with fellow students in the class and maintain harmonious relationship with them. Students shall maintain a cultural unity among diversity, both within and outside the school premises.
- Students are strictly not allowed to come in casual dresses on PTM or any other day, except only on occasions when they are asked to come. They must come in school uniform.

Guidelines for the Parents

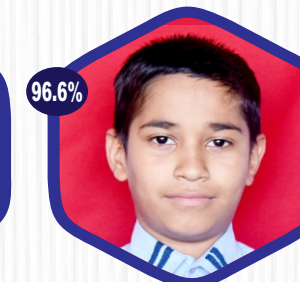

Parents must see that their ward reads the text thoroughly.

- Parents must see the diary of the child regularly and pay attention to remarks, if any.
- Parents must also see that their ward reads good magazines & books during holidays. Moreover, they must be encouraged to consult dictionary whenever needed.
- If there is any suggestion about your ward, you are advised to see the Principal.
- Parents must attend the Parent-Teacher meets. Their suggestions for the ward and the school are welcome.
- They are advised to write down their suggestions and put them in the Suggestion Box'. The key of which would be with the management in order to protect secrecy and confidence in this context.
- Parents must send the child five minutes before the school time.
- Parents must send the child in proper uniform as prescribed for summer and winter season.
- Parents must send a leave note if the child is not attending the school.
- Parents must also take active part in the co-curricular activities of the school related to their ward.
- Parents must check the academic reports of their ward regularly in order to ensure better performance.
- Parents are requested to visit the school in case the school requests you to come.
